RE: New Labour Government MMC Report and Southwark Housing Summit

Dear Florence

I have searched endlessly through overton.io for some indication of any dialogue on Housing and Communities.

Having picked up on the following conversation from March 2024 -

<https://committees.parliament.uk/publications/44065/documents/218380/default/>

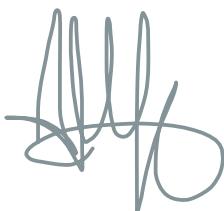

And also the following from the House of Lords Library published in August 2024 -

<https://lordslibrary.parliament.uk/modern-methods-of-construction-in-the-housing-industry/#:~:text=Modern%20methods%20of%20construction%2C%20or,houses%20and%20blocks%20of%20flats>

I would like to ask, has the MMC report of the Built Environment Committee, who were expecting a report to be published by Government in March 2024, been brought to your attention since the Labour Government took office, or rather since you were graciously elected to your position as Chair of the Housing and Communities Select Committee?

Also, when – if at all – will the imminent Southwark Housing Summit commence?

Many thanks,

Alfred Anate Mayaki
