13 December 2024

Dear Dr. Saba Manzoor and Lee Scordis

RE: Labour Party Campaign Software - Organise

I would like to welcome Dr. Saba on your recent appointment as Secretary of the Peckham Constituency Labour Party in conjunction to your role as Women's Officer. I know you will be an outstanding Secretary given your skillset and experience of how the Party works. I am reaching out today to explain a bit about how you may be able to assist Peckham Ward. I would also like to thank Lee Scordis for your service as community organiser.

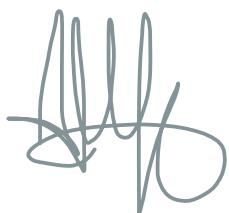

Hopefully, my request resonates with you both.

As I have been elected to the role of Campaigns Officer alongside my existing role of Vice-Chair of Campaigns of the Ward as of our most recent branch meeting and as Peckham BLP are somewhat short of volunteers at this present time, I would like to request formal access to Labour's Campaign software - **Organise**.

As a Campaigns Officer and Vice-Chair of Campaigns of my branch, it would greatly help my position if I could explore ideas about how to support our Councillors with planning ahead in 2025 by using local road groups to focus campaign efforts – an idea we have discussed extensively with ourselves in Peckham.

I hope you understand the nature of my request.

Sincerely,

Alfred Anate Mayaki
Vice-Chair of Campaigns
Peckham Labour Party
